

DEK - CETERA MINI NEWS BULLETIN

ADVANTAGES OF USING DURADEK UV TESTED MEMBRANE

Here is what goes into manufacturing Duradek Vinyl:

- 5000 hours of UV testing using high pressure Xenon bulbs mimicking natural UV exposure
- Ongoing **Accelerated Weather Testing** at [Atlas MTS](#)
- 40+ years of experience with proven results
- Third-party quality control program
- Ongoing research and design

Here are the advantages of a Duradek Installation:

- Expert trained and **Authorized Installers**
- **10-Year Waterproofing Warranty** (we've been around 4 times longer than our warranty terms, so you know we'll be here if you need us)
- **5-Year Appearance Warranty**
- Best selection of vinyl pattern/colour options in the industry – looks great on day 1 and still looks great on day 10,000!

ACTUAL 30+ YEAR OLD DECK!
